

Pys-y-ceirw

Lotus corniculatus

Mae hwn yn tyfu'n agos at y ddaear yn aml ac mae ganddo glystyrau o flodau melyn gyda thameidiau o goch. Mae gan y dail 5 deiliosen hirgrwn gul ac mae'r ddwy ar y gwaelod wedi'u plygu'n ôl.

Y Bengaled

Centaurea nigra

Mae'n edrych yn debyg i ysgallen, gyda phen crwn du neu frown a phigau miniog porffor, pinc, neu weithiau gwyn, ar y top.

Blodyn Menyn Ymlusgol

Ranunculus repens

Mae ei flodau melyn sgleiniog yn cynnwys 5 petal. Mae'r dail yn flewog ac wedi'u rhannu'n 3 rhan. Mae'n ymledu drwy ymlusgo ar hyd y ddaear, yn wahanol i flodau menyn eraill.

Blodyn Llefrith

Cardamine pratensis

Mae gan y planhigyn yma flodau cain wedi'u gwneud o 4 petal pinc golau neu wyn. Mae'r dail yn tyfu ar hyd coesyn mewn paruau, ac mae'r rhai sy'n agos at y ddaear yn ffurfio cylch.

Llygad Doli

Veronica chamaedrys

Mae ganddo flodau glas llachar gyda chanol gwyn. Mae gan y dail ddannedd bach ar hyd yr ymylon ac maen nhw'n teimlo'n flewog. Gallwch weld blew ar y coesyntau mewn dwy res daclus.

Y Goesgoch

Geranium robertianum

Mae'r planhigyn yma'n edrych yn dlws iawn ond mae arogl drwg arno! Mae'n tyfu'n agos ar y ddaear gyda choesyntau cochlyd. Mae ganddo flodau pinc bach gyda 5 petal.

Llygad-Ilo Mawr

Leucanthemum vulgare

Mae'n edrych fel llygad y dydd mawr gyda phetalau gwyn a chanol melyn. Mae'n tyfu ar goesyn tal, hyd at 70cm o uchder. Mae'r dail yn wyrdd tywyll ac yn siâp llwyau.

Y Feddyges Las

Prunella vulgaris

Mae gan y planhigyn yma flodau mawr glas neu borffor sy'n tyfu'n agos at ei gilydd ar frig y coesyn. Mae'r dail siâp diemwnt yn flewog ac mae ganddyn nhw ddannedd mân ar hyd eu hymylon.

Cribell Felen

Rhinanthus minor

Mae'r pigau'n tyfu hyd at 50cm o uchder gyda blodau melyn tebyg i diwb sydd â 2 ymyl. Mae'r dail yn gul, yn ddanheddog ac yn tyfu mewn paruau ac mae smotiau duon ar y coesyn.

Common Bird's-foot-trefoil

Lotus corniculatus

Often grows low to the ground and has clusters of yellow flowers with bits of red. The leaves have 5 narrow oval leaflets and the bottom two are bent back.

Common Knapweed

Centaurea nigra

It looks like a similar to a thistle, with a round black or brown head topped with sharp purple, pink, or sometimes white spikes.

Creeping Buttercup

Ranunculus repens

Its shiny yellow flowers are made up of 5 petals. The leaves are hairy and split into 3 parts. It spreads by creeping along the ground, unlike other buttercups.

Cuckooflower

Cardamine pratensis

This plant has delicate flowers made of 4 pale pink or white petals. The leaves grow along a stalk in pairs, and the ones close to the ground form a circle.

Germander Speedwell

Veronica chamaedrys

It has bright blue flowers with a white centre. The leaves have tiny teeth along the edges and feel hairy. You can see hairs on the stems in two neat rows.

Herb Robert

Geranium robertianum

This plant looks much prettier than it smells, which isn't very nice! It grows low on the ground with reddish stems. It has small pink flowers with 5 petals.

Oxeye Daisy

Leucanthemum vulgare

Looks like a big daisy with white petals and a yellow centre. It grows on a tall stem, up to 70cm tall. The leaves are dark green and shaped like spoons.

Selfheal

Prunella vulgaris

It has big blue-purple flowers that grow close together at the top of the stem. The diamond-shaped leaves are hairy and have tiny teeth along the edges.

Yellow Rattle

Rhinanthus minor

Spikes grow up to 50cm tall with yellow tube-like flowers that have 2 lips. The leaves are narrow, jagged, and grow in pairs and the stem has black spots.

Cadwch eich llygaid ar agor! Allwch chi ddod o hyd i'r holl flodau yma tra rydych chi y tu allan?
Ticiwch y bocsys ar y lluniau ar ôl eu gweld.
